P.O. Box 1450

Sir:

This responds to the Restriction and Election of Species Requirement, dated June 11, 2008. In response to the Restriction Requirement, Applicant elects Group I, Claims 1-11 and 23-30 for examination. This election is made without traverse.

This responds to the Election of Species Requirement, dated June 11, 2008. The Examiner has identified the application as containing claims directed to more than one distinct species. The Examiner has required the Applicant to elect a single disclosed species for prosecution on the merits to which the claims shall be restricted. The Examiner believes claim(s) 1, 9 and 23-30 is/are generic. Applicant has been advised that a response to this requirement shall include an identification of the species that is elected and a listing of all claims readable thereon.

In response to the Examiner's requirement, Applicant elects Polymer Compound H for examination on which claims 1-6 and 8-11 are readable.

Applicant submits that if any of the elected claims is found to be allowable, claims dependent there from should similarly be considered allowable in the same application.

Applicant reserves the right to file a Divisional Application directed to non-elected claims 12-22.

The USPTO is directed and authorized to charge all required fees, except for the Issue Fee and the Publication Fee, to Deposit Account No. 19-4880. Please also credit any overpayments to said Deposit Account.
